Memo to: Finance Committee

From: Douglas Dzema, Executive Director

Re: Finance Committee Meeting

Dated: March 25, 2015

Tom Furlong and I are scheduled to meet with you on March 30th @ 4:30pm to discuss the Authority's budget for the upcoming fiscal year starting July 1st, 2015. At the meeting I would like to briefly discuss the current financial condition of the Authority before moving onto the budget. Attached please find the annual report for the period ending June 30th, 2014 and the six month report ending December 31st, 2014.

Attached please find a summary of the budget items we will discuss at the meeting and a preliminary budget for 6/30/16. As you will see you have been given a description of each line item along with a short synopsis of how the budget number is arrived at. At the meeting we will go over this list and answer any questions you have. We also welcome any thoughts and suggestions you have for the 6/30/2016 budget. Since the preliminary budget calls for a surplus we may not have to meet a second time unless you request to do so. Upon completion of the meeting we will incorporate any changes you require and have the budget ready for introduction to the full Board at its April meeting.

Please also note the State of New Jersey Department of Community Affairs in an effort to promote transparency has greatly increased the budget submission requirements. I will review those in detail at the meeting.

Please review these documents prior to the meeting and call me with any questions.

EXPENDITURES:

- 5) Administrative Salaries-Costs for office salaries-(Tom, Pam and Renee) Increase is determined by Board using various comparables such as Monmouth County salary increase, local PHA's, and inflation factors. Last year staff salary increases were 2% and we are proposing 2% this year as well.

- 14) **Maintenance Labor-**Cost of the maintenance staff (Joe, John, and the open janitorial position) There is a small allotment for casual labor the PHA may use to cover vacations, snow removal etc. And overtime as required as part of the personnel policy. Last year staff salary increases were 2% and we are proposing a 2% increase this year.

The employees are required to contribute toward their health benefits based on a schedule set forth by the State of New Jersey. The contribution rate is being phased in over a 4-year period with the final phase taking place July 1st, 2014. Based on salary costs and current premiums.
- 20) Collection Losses-Provision for uncollected rents. Based on historical data.
- 21) **Equipment-** Cost of office/maintenance equipment and tenant appliances. Based on historical data.

HUD SUBSIDY:

22) **HUD Subsidy**-Funds received from HUD to help subsidize PHA program- Based on HUD formula. Request is submitted to HUD and funding is based on the HUD proration factor. The 2015 subsidy formula has not been released and most likely won't be until after March. The inflation factor for 2015 was 1.9%. Initial funding for January, February and March was funded at 83%. Since Congress and the President have agreed on a plan to reduce the federal deficit over the next few years, sequestration will be eliminated increasing the proration factor for PHA's. We are projecting a proration factor of 89% (same as last year) but have left some surplus in case this number comes in lower. A one percent cut equates to approx. \$5,000 so if they cut us 6% it would mean a \$30,000 loss in subsidy and our surplus would drop to \$40,000.
